Fire Department 1940 Committees Are Announced

Appointments for Year Are Made by Powles; Firemen Have Busy Week

President L. D. Powles announced the following 1940 appointments at a meeting of the Antioch firemen Tuesday evening in the station:

Audit and finance—Frank B. Huber, L. R. Van Patten, Cletus Vos.

Ways and means of purchase—George Garland, Irving Elms, Louis Shultis.

Entertainment—Herman Holbeck, John Gaa, Einar Peterson.

Resolutions—Robert Willson, C. E. Hennings, Laurel Van Patten.

Publicity—John L. Horan, C. B. Shultis, Elmer Hunter.

Fire District Com.—John L. Horan, Herman Rosing, Albert Shepard.

Chief James Stearns appointed John L. Horan as department custodian and fire inspector. He named Laurel and Edwin Van Patten as engineers of Company Three.

Fire at Lindenhurst. While the firemen were in session a "still alarm" was received from Lake Villa for the tank truck, Company Three, of six men.

Responding to the call, Company Three assisted in fighting a bad fire on the Lindenhurst farm, where a large building used for a combination chicken brooder, crating and butcher shop was in flames. Between 4,000 and 5,000 chickens were lost and 75 feet of the 25x100 foot building were destroyed before the fire could be checked.

Reports were given by delegates John L. Horan and Elmer Hunter on the Illinois state firemen's convention at Kankakee last week. They also reported on the Lake county firemen's meeting Monday evening in Lake Villa, at which E. J. Emons of the Associated Factory Mutual Insurance companies showed colored motion pictures on the latest methods of fire fighting. About 150 members and guests were welcomed to the county meeting by William Barnstable, Lake Villa fire chief.

Donate to "Iron Lung" The Antioch fire department voted to donate \$15 to the Lake county "Iron Lung" purchase fund.

Reports of fires given by Secretary C. B. Shultis included a call last Thursday afternoon for a grass fire on the Haycock property located east of Antioch and owned by Harold Fillweber.

On Thursday evening, two fire companies were called to the residence on south Main street owned by Mr. and Mrs. Oistrander. The firemen found (continued on page 4)

Methodist Church To Entertain Co. Meet Next Spring

Invitation Is Given at Fall Gathering Held in Winthrop Harbor

The Antioch Methodist church will entertain the Lake County Methodist Women's association at its annual meeting, to be held next spring. Election of officers will be held at this meeting and the yearly reports given.

The invitation to convene here was extended on behalf of the local church by Mrs. W. C. Petty at the fall meeting, last Thursday in Winthrop Harbor. Representatives of 14 Methodist churches in the county were present.

Local representatives included Misses. Petty, Wm. Runyard, Alonzo Runyard, W. R. Williams, Drucilla Ferris, Roy Kufalk and C. L. Kutli; the Misses Ella Ames, Lily Ames and Lottie Jones.

Attended by 100 About 100 persons were present at the gathering over which Mrs. Lloyd J. White of Waukegan, county president, presided.

New Members Of Recreational Ass'n Board Are Named

Dr. R. D. Williams, E. W. Edwards, Mrs. Robert Mann, Mrs. H. B. Gaston and William Phillips were elected new members of the board of directors for the Antioch Recreation association at its first annual meeting, last Thursday evening in the Antioch grade school.

One of the new directors was chosen to fill the vacancy left by the resignation of Miss Cornelia Roberts, who has accepted a teaching position in Canada. The others are new members being added to the board to increase it from five to nine directors.

At a meeting of the new board to be held some time in the near future, the directors will choose their own officers.

Charles Byrnes, Evanston recreation director, spoke on the place of recreation in the community.

Michael Burke, Born Here 78 Years Ago, Dies

Services Are Held Today At St. Peter's Church for Pioneer

Another Antioch pioneer was added to those who have died during recent months when Michael M. Burke, 78, passed away at his home, 1054 Main street, Tuesday morning at 6:30 o'clock. Funeral services were held this morning at 10 in St. Peter's church, with the Rev. Francis Flaherty officiating, and the body was taken to Monaville, Ill., for burial. On Wednesday the body lay in state at the Strang funeral home, where many who had known and esteemed Mr. Burke during his lifetime came to pay their last respects.

Mr. Burke was one of eight sons of Anthony and Elizabeth Burke, who came to settle in Antioch more than (continued on page 8)

Round Lake Bank Will Close; Blame "Regulation"

"Too much government regulation" was blamed by E. C. Weber, cashier of the Round Lake bank, for the liquidation proceedings now being conducted by the institution. Depositors will be paid off 100 per cent. The bank has about half a million dollars on deposit.

A meeting of the stockholders has been called for Nov. 10 to ratify the closing of the bank.

The building is being sold to Dr. G. A. Goshgarian, and the bank books will be closed permanently shortly after January 1.

The bank is the third in Lake county to have closed within recent years, those at Grayslake and Fox Lake having been closed previously on the grounds that they could not be operated at a profit under existing conditions. John W. Hart is president of the Round Lake bank.

Federal Fish Hatchery Is Planned in Illinois

Lake county was given a chance to be one of the sites being considered for a federal fish hatchery in Illinois by the requirement that the location must have a water supply adequate to keep ponds filled all year, and that lake water was preferred.

Captain C. F. Fuller, district supervisor of the U. S. Bureau of Fisheries, and Francis D. Hunt, state fish culturist, began inspecting prospective sites in the state last week.

The hatchery would propagate all species of warm water fish, with some space devoted to wall-eyed pike. Springfield was one of the cities known to be bidding for the hatchery.

Young Republicans Will Hold State Rally Oct. 28-9

William Hattendorf of Antioch is a member of the rally committee for the Lake County Young Republican federation, in conjunction with the state rally to be held Oct. 28 and 29 in the Knickerbocker hotel, Chicago.

Other members of the rally committee for Lake county are Bernice Powers of Waukegan; Allen Andrews, Libertyville, and Robert Coulson, Waukegan.

A dance the evening of Oct. 28, at 8 o'clock, will be among the events of the rally.

The next meeting of the county Young Republicans will be held Nov. 19 at Waukegan. Election of officers will take place.

Membership Drive Being Held by Post

Legionnaires Conduct Canvass to Insure 90 Membership Goal

Antioch post of the American Legion has 50 paid-up 1940 memberships to date, Membership Chairman Warren Edwards reported at a meeting last Thursday evening in the Legion hall. A final canvass is being conducted this week to insure that the remaining 40 or more memberships will be paid up by Nov. 11.

The resignation of Roger H. Miller as senior vice-commander was accepted, and candidates to succeed him will be voted upon at a meeting on Nov. 2. Miller is moving with his family to Orlando, Fla., where they will take up their residence, but he and Mrs. Miller plan to continue their memberships in the Antioch Legion and auxiliary.

The executive board is waiting for word from WLS radio station regarding a date for the WLS stage show to be given here under Legion sponsorship some time in the latter part of November.

Armistice Day Plans A complete Armistice Day program is being outlined by Otto S. Klass, Americanization officer. Armistice services which will be open to the public are to be held at 2 p. m. in Antioch Township High school.

During the afternoon the Legion plans to hold open house, and in the evening the annual Legion dance will be given.

Ray Webb was appointed at the meeting as community service chairman and as representative of the post to the Antioch Community council.

Otto Klass, was named Americanization officer, a post which includes charge of the school medal awards for 1940.

Attention is being called by the Antioch Legion to the fact that Oct. 27 is Navy Day, and flags should be displayed. The Legionnaires also call attention to the act of congress passed in May, 1938, making Armistice Day, Nov. 11, a national legal holiday.

On County Committees Clarence White, commander; Warren Edwards, past commander, and Harry Messing, vice-commander, attended the monthly meeting of the Tenth district at Deerfield. Lake county committee memberships announced at the meeting included Edwards on the executive committee; William S. Phillips on the resolutions committee; Walter Hills on the post relations committee, and Paul Chase on the safety commission.

An invitation to hold the Lake county August meeting at Antioch next summer was extended by the Antioch Legion delegates.

Installation of 1940 officers for the Sons of the American Legion will be held on Thursday evening, Nov. 9.

Urge Probe Of State Welfare Institutions

52 Deaths at Manteno Reveal Unsanitary Conditions

A need for stronger public interest in the welfare of wards of the state and more efficient management of state institutions has been revealed by reports of conditions at Manteno state hospital, where 52 deaths from typhoid and amoebic dysentery have been recorded in recent weeks, press comments throughout Illinois concurred.

It is interesting to note, a well known Chicago paper pointed out a few days ago, that the deaths occurred after health department examinations had disclosed that the water supply at the hospital was unsafe. Warnings to the hospital's administration concerning this danger had been issued as early as 1937, other newspaper articles reveal.

Attention has been called by the press comments to statements on the part of medical authorities to the effect that others of Illinois' 11 institutions for the care of the mentally defective, including the huge Chicago State hospital, are generally understaffed, frequently over-crowded, and apparently inadequately administered in various respects.

The comments and revelations have been pointed out by many as being somewhat at variance with the tenor of a pamphlet recently issued under the

Sixth Halloween Jamboree To Be Held On Tuesday

Children Will Hold Costume Parade, Enjoy Movie Program

A Lions club committee was out this afternoon buying prizes to be awarded to children for the best costumes in Antioch's sixth annual Halloween Jamboree, to be held Tuesday evening.

During the five years that the jamboree has been held, it has been greatly enjoyed not only by the children but also by grownups who have gathered to watch the "parade" go down Main street.

The schools, merchants, the Antioch News, the Antioch theatre and the Lions club have joined in sponsoring the "jamboree" in years past, and are again uniting their efforts to provide an enjoyable Halloween for the youngsters.

The children will assemble in costume at the Antioch Grade school shortly before 6:30 p. m. Children of pre-school age as well as school children may take part.

Parade in Costume The "line of march" will lead from the school down Main street, and around the corner of Lake street to the Antioch theatre. In charge of arrangements for the parade will be the school teachers and their principal, R. E. Clabaugh.

Prize awards for costumes and other gifts for the children will be presented at the theatre.

The youngsters will afterward be the guests of Manager Fred B. Swanson at a program of motion pictures suitable for young folks.

Join \$2 Club Vernon Bloom, Lake Villa, joined the Waukegan "\$2 club" on a parking violation in the latter town Tuesday. Fred Schroeder of Lake Villa was assessed a like amount for making a left turn at Washington and Genesee streets.

Junior Class Play Is Postponed to Nov. 2-3

The Junior class play, "Somewhere in Ohio," which was to have been given at Antioch Township High school this evening and tomorrow night, is being postponed to Thursday and Friday evenings, Nov. 2 and 3, in deference to the memory of Miss Bessie Leng, Antioch High school student whose death took place Sunday evening.

Woman's Club To Be Hostess To County Meeting

Lake County Federation of Women's Clubs to Meet Here Nov. 6

Members of the Antioch Woman's club are busy preparing to act as hostesses for the all-day meeting of the Lake County Federation of Women's Clubs will hold here Monday, Nov. 6. About 100 out-of-town visitors are expected.

Lorraine L. Blaire, executive director of the Women's Finance Forum, and Mrs. H. K. Linzell of Long lake are to be the principal speakers.

At the morning program, opening at 11 o'clock in the St. Peter's parish hall, Mrs. Linzell is to speak on "New Books and Authors."

Dinner at 12:15 The ladies of St. Peter's church are to serve a dinner at 12:15 o'clock. Mrs. Thomas F. Hunt, of the Marie Anne shop, Antioch, is in charge of reservations, which must be made before Saturday, Nov. 4.

Mrs. Blaire's talk is to be given during the afternoon session, which will commence at 1 o'clock.

Special music will add to the interest of the programs.

Mrs. George Anzinger, social chairman of the Antioch club, will be in charge of the welcoming committee. Mrs. Hunt as president will give the address of welcome to the assembled representatives of the various clubs.

Resort Owners To Fight Marine Law Boat Charges

Attorney J. E. Bairstow of Waukegan has been employed by 35 resort and boat livery owners of the Fox Lake area to represent them in their fight against conviction on charges of violating the federal marine laws. A mass meeting to discuss the fight was held in the Fox Lake village hall Friday night.

All of the 35 face payment of fines, ranging from \$100 to \$300, already assessed, for failure to equip their outboard motor powered boats with lights, whistles and life preservers, and trial on a charge of having failed to equip their craft with fire extinguishers.

The issuing of federal warrants against the resort and boat livery owners followed a series of seizures of boats by agents of the marine department of the U. S. department of commerce in the Chain O' Lakes district in June.

Enforcement of the federal boating laws against craft of 14 feet or more in length if equipped for the attachment of an outboard motor will force most of the boat liverymen out of business, the boat owners declared.

Hold Funeral Services For Bessie Leng

High School Student, 17,
Killed in Auto Accident Sunday

Classes were dismissed at Antioch Township High school Wednesday afternoon in order that students might be free to attend funeral services for Miss Bessie Leng, 17, who was killed in an automobile accident Sunday evening. Members of the Senior class were present as a group to pay their last respect to their classmate at rites conducted at 2 o'clock in the Methodist church at Grayslake.

Seniors and graduates acting as pallbearers were John Effinger, William Cisna, Russell Doolittle, Marvin Heath, John Blackman and Harold Vandenberg.

Burial was in Avon Center cemetery.

Miss Leng was the daughter of Mr. and Mrs. William B. Leng of Fourth lake. She is also survived by a sister, Alice, Margaret Leng.

Car Overturns Her death occurred Sunday evening at 9:45 o'clock as the car in which she was a passenger went out of control and overturned, on Cedar Lake road about a mile north of Rollins road, near Round Lake.

The other occupants of the car were Miss Bertha Wildermuth, 17, of Route 54 north of Grayslake, who was the driver; Miss Lucille Burge, 16; Morden Patterson, 17; Roy Wickersheim, 16, and William Wrate, 20, all of Grayslake.

As the car came over the hill north of Rollins road, it went out of control and struck the ditch on the east side of the road, overturning several times before it came to a stop 250 feet away. Miss Leng was apparently hurled from the car as it rolled, and was found 67 feet south of where it stopped.

Her body was taken to the Smith undertaking parlors in Fox Lake, where an inquest was conducted Tuesday afternoon by Deputy Coroner M. E. Penney.

Patterson, who received back and head injuries, was removed to Victory Memorial hospital.

Cuts and bruises were suffered by the other occupants of the automobile.

Seek Approval For Highway Tax Levy at Special Election

Balloting Will Take Place in Township on November 6

At the behest of Antioch township property owners who have presented a petition to township officials, a special election will be held here on November 6 when the approval of voters will be sought authorizing an annual tax levy of 30 cents on the \$100 valuation of all taxable property in the township, including railroads, for the purpose of constructing or improving, and maintaining certain of the township's principal, but still unimproved highways.

In seeking support for the added levy, property owners have pointed out that the gravel tax that formerly was used for this purpose has not been levied for several years, and that the lower property valuations as related to taxation has deprived the township's road and bridge fund of many thousands of dollars annually. The annual loss to the road fund for this reason, is placed at about \$5,000 a year, according to Carl Barthel, highway commissioner.

The new levy, if approved by the electors on Nov. 6, will place approximately \$35,000 at the disposal of the highway department for the five year period for improvement and maintenance purposes, according to Supervisor B. F. Naber.

School Children Have Dental Examinations

Seventy-four Antioch Grade school children out of 167 examined have perfect teeth, it was revealed as a result of the annual dental examinations held at the school early this week.

Cost of a War

In view of the fact that many groups in this country—industry, retailers, farm organizations, labor, and various others—have come out with strong stands against this country's participation in war, it is important at this time to see just what lies behind their aversion from a realistic point of view.

Evidences continue to pile up that the opposition in America to the idea of war is based, more than anything else, on the rack and ruin that war causes along all fronts.

What were some of the costs of the last war? It may help to avoid ever entering another one to have these matters brought clearly to light.

Here is at least part of the sad story:
To pay for our actual participation cost this country 22 billion dollars. Loans to our allies, largely unrepaid, ran to more than 8 billion more. That's a DIRECT COST of 30 billions, then, paid mostly in the productive wealth of our factories, our retailing, our farming, and the hard work of Americans in every branch of productive enterprise.

What's more, it's only the beginning. It takes no account of demobilization and dozens of other items that followed the war. Total veterans' expenditures to date, for instance, have come to nearly 12 billion dollars more. Whereas back in 1916 the United States was paying about \$4,000,000 on its veterans' institutions, today it is spending over \$50,000,000.

To make the picture even worse, these direct costs hardly begin to account for the burden a war imposes. It takes no account, most of all, of the losses that come directly to industry, on whose welfare the prosperity of the nation depends, from the dislocation of an entire economy—from idle factories, idle men, and idle investments, the inevitable aftermath of war. As one authority well puts it, "In the calculation of war costs there is literally no end."

No wonder all those productive groups in this country who help to create the wealth that is poured down the drain of war want only peace!

The Modern Pioneers

Announcement has been made that America's "Modern Pioneers"—inventors and research workers who have contributed to the building of a better America through their creations—will be honored as part of the celebration commemorating the founding of the American Patent System.

The system will soon have its 150th birthday, and industry, through a special committee of the National Association of Manufacturers, has launched a search for these "Modern Pioneers" so that they may be given national recognition on that occasion.

The Patent System was the outgrowth of a desire by our forefathers to encourage incentive genius so that America could progress steadily. That encouragement took form in a system which protected the inventor and stimulated the interest of the investor whose cooperation was essential. The electric light, the telephone, the cotton gin and thousands of other comforts of the farm and home of today followed, the products of earlier pioneers.

There are many of the present generation who have and are contributing much to our comforts and economic

security. Out of their test tubes and from their blue prints come the things that give millions of people jobs and give us all a common standard of living that is a luxury in other parts of the world. They are shaping the industrial miracles for the improvement of tomorrow's living standards. They are the "Modern Pioneers."

It is fitting that these persons be honored on the anniversary of the Patent System. It is that system that makes industrial pioneering possible, and the results of such pioneering (our high standard of living today) justify the Patent System. The retention of that system, therefore, is essential for the continuance of progress in the traditional American way.

When the People Speak

Once the neutrality battle in Washington is disposed of, the people of America will have their opportunity to be heard.

And they should be heard, long, vigorously, and emphatically, demanding—

1. That regardless of whether we ship arms abroad or don't, we want no part of Europe's war and intend keeping this nation at peace.

2. That Congress and the Administration lay international relations on the shelf and set about putting our domestic house in order.

3. That while we are at peace, we want no chiseling away of our own hard won liberties and no further government controls under the 'smoke-screen' of an emergency.

On these three fundamentals any American should be able to stand resolutely without regard to political affiliation. And if Washington understands that such is the basic attitude of the people, many details of legislation will then take care of themselves.

Don't Make Emergency Permanent

Dangerous precedents can be established in the name of emergency, when steps may be taken which can never be retraced.

Here in our own country we are not at war—but a "limited emergency" has been declared. Plans are being made for extending the powers of government in many directions, for the purpose of avowedly protecting our interests. It is essential, if democracy is to be preserved and we are to escape the blight of totalitarianism, that the people thoroughly understand the issues that confront them—and analyze them in a spirit of cool logic and not in a spirit of hysterical emotionalism.

No fiat power should ever be placed in the hands of a permanent government bureau or department. If emergency laws must be enacted, they should be administered by purely emergency bureaus, which will automatically dissolve when the emergency is over. Every conceivable protection must be established in advance to make certain that the temporary be stopped from becoming the permanent.

As General Johnson observed recently in a radio address, to give sweeping new powers to the permanent bureaus of government would amount to giving away liberty—and for keeps. Politics lasts always for more power. It never willingly returns a grant of authority, once it has experienced it. It would be a simple thing to socialize industry once we were stampeded into extending powers of permanent government departments, crushing opposition and dissent, and controlling the radio and the press. This would bring totalitarianism home with a vengeance.

Don't forget that not all the enemies of democracy are abroad—there are plenty of them within our own gates. When it is asked that Congress give the government a tighter checkrein on liberty, the lawmakers should make haste exceedingly slowly.

MILLBURN

The annual church bazaar and roast chicken supper will be held Friday evening, Nov. 3. The supper will be served in the church dining room from 5 o'clock until all are served. The bazaar will be in Masonic hall and will include the sale of rugs, comforters, fancy work, aprons, pillow cases, bakery goods, vegetables, home-made candy and grab-bag articles. Any donations to any of these booths will be very acceptable.

The younger married couples of the church enjoyed the Halloween party in the church basement Friday eve-

ning which had been carefully planned by the committee. Mr. and Mrs. Ralph McGuire, Mr. and Mrs. Clifford Weber and Mr. and Mrs. Rush. The "Young Crusaders" had a Halloween party at the church Saturday evening. Miss Marie Hauser was in charge of the affair.

Hickory Unit of Home Bureau met at the home of Mrs. George Vose Thursday afternoon, Oct. 19. Mrs. Emmet King gave an interesting lesson on the new rayons and Lois Bonner told of her trip through the southern and eastern states this summer, illustrating her talk with pictures. Mr. and Mrs. Art Johannson, Jr.,

entertained relatives on Saturday. Mrs. William Heintz and family of Lansing, Ill., spent Friday at the home of Mr. and Mrs. J. Kalul. The Christian Endeavor society held their meeting at the parsonage Sunday evening and had the privilege of hearing Fred Niel, classmate of Rev. Melvin Frank at Chicago Theological seminary. Mr. Niel recently returned from a conference in Paris, and told of his experiences there and of conditions in Europe.

Mrs. James Mair and daughter, Marjorie, Alexander Forsythe, Mr. and Mrs. Ed. Lange of Chicago spent Saturday. (Continued on page 6)

WEEKLY NEWS ANALYSIS BY JOSEPH W. LABINE

Soviet Presses New Conquests As World Looks Elsewhere; Nazi 'Ally' Is Sole War Victor

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union

RUSSIA:

Cat and Mice

Six weeks after it started, the war of 1939 had apparently been won by Russia, a noncombatant. The Soviet held two-fifths of Poland and controlled the little nations of Lithuania, Latvia and Estonia whose German populations were repatriated by the Fatherland in what was Nazi-dom's most ignominious defeat. In all these countries Russia won important naval bases (see map) which gave her control of the Baltic sea and constituted a direct threat against Scandinavia. Lithuania, the last to capitulate, even accepted a part-Communist social order.

Finland was next, her delegation opening consultations in Moscow while the folks back home evacuated cities, strengthened the army and

mate: 180,000,000 bushels. Including winter wheat there will be an aggregate of 740,000,000 bushels, plus 254,000,000 carryover. Total: 994,000,000, of which about 700,000,000 will be needed domestically.

THE WAR: From Rostrum:

Said France's Premier Daladier: "If Hitler really wants a durable peace it must be based on the security of nations, guaranteed reciprocally, without the danger of surprises."

Chimed in Britain's Prime Minister Chamberlain: "It is for Germany to make her choice. . . . Either the Germans must give convincing proof of the sincerity of their desire for peace. . . . or we must preserve our duty."

Said Adolf Hitler: "The decision of peace or war lies with others. We simply have a grave determination to fight."

From such a hopeless deadlock there seemed no alternative except a fierce war. But the still, small voices of peace began rising everywhere. In Germany it was the mysterious mobile radio station urging that Hitlerism be discarded. In France it was a few "defeatists" who were promptly slapped into jail. But in London it was little David Lloyd George, World War prime minister who only a week before had startled commons by demanding that Britain give careful consideration to Hitler's peace offers. Arguing that a collective pact among all European nations need not be "dependent on the word of Herr Hitler," Lloyd George was rumored leading a campaign against advocates of "war at any price."

Taking a cue from the earlier speech in which Lloyd George had counseled U. S. leadership in a world peace move, Herr Hitler first had his throttled press give the British statesman a build-up, then released a plea that America might help prevent Europe's frightful "bath of blood." But the U. S. was choosy; the White House and state department would think carefully before volunteering.

At the same time, other Britons looked askance at the allies' apparent plan to wage war only on the western front. Could anybody win from such stalemated positions?

On Land

There was every indication Germany planned to open a fierce thrust on the western front, thus retaliating against spurned peace offers. Paris heard that Hitler had summoned his generals, ordered them to clear the French off Nazi territory and to drive swiftly through Belgium and Switzerland in a great offensive. The first part of this order was evidently borne out when "suicide squads" of grenadiers were thrust wave after wave against French outposts. Scouting planes appeared over the lines taking photographs. Strangely, many a Nazi raid appeared to have a solitary aim—to capture prisoners and thus get information.

man circles said Nazi planes had dropped 10 bombs in a single raid on British vessels blockading the North sea. Since the allies wanted no peace, the raids would continue. Commented the official German news agency: "The time of unequalled British control of the seas is gone forever."

(At Amsterdam, Netherlands, a Dutch seaman came home to announce he had sailed from New York on the long-missing German luxury liner, Bremen, had helped plow her through cold northern seas while the few the Soviet flag, and helped dock her safely at Russia's Arctic ocean port, Murmansk.)

NEWS QUIZ

Know your news? One hundred is a perfect score. Deduct 20 for each question you miss. Anything about 60 is good.

1. The above fellow, once governor of Kentucky, is shown taking an oath in Washington. What's his name? What oath is he taking?

2. Al Capone, former Chicago gang czar, is in the news now because: (a) he is taking piano lessons at Terminal Island prison, California; (b) he has become a fruit grower at his Florida home; (c) he will be released from prison next month.

3. His initials are Robert G. As official executioner for five eastern states, he electrocuted Sacco and Vanzetti and Bruno Richard Hauptmann, kidnaper of the Lindbergh baby. What's his last name? What happened to him?

4. Richard Gallogly is under life sentence in Georgia, convicted of a "thrill" murder in 1928. How did he make news recently?

5. Charles A. Byrne is New Orleans district attorney. He recently: (a) set a new record for prosecutions, for which the governor honored him; (b) was charged with blocking a grand jury's investigation of alleged graft and corruption; (c) started a racket-busting campaign similar to that of New York District Attorney Thomas E. Dewey.

CONGRESS:

Talk Fest

Washington's important news was not that the senate had refused 05

to 20 the resolution by New Hampshire's Sen. Charles W. Tobey to split the arms embargo repeal issue away from the rest of the pending neutrality bill. This was not big news because the administration bill seemed a cinch to pass whenever the final vote came.

Much bigger news was the fact that the issue of war vs. peace vs.

neutrality had stirred an unprecedented free-for-all in congress and elsewhere at a time when national unity was the watchword. There was angry speech-making, too much of it, fraught with a bitterness that might have made the U. S. look slightly silly and indecisive in time of crisis.

Missouri's Isolationist Bennett Champ Clark took the senate floor to maintain that the Tobey vote was no test. He stayed to make a speech on how the President's "limited emergency" proclamation has been used for dictatorial, warlike moves. Case in point: Placing the Panama canal under military control, an action Senator Clark said was valid only when the U. S. is engaged in war, or when war is imminent.

A speech the night before by Assistant Secretary of War Louis Johnson next attracted the senator. Mr.

Johnson had said the U. S. army is as vulnerable to German mechanized legions as was the Polish army. Commented Mr. Clark: "In my judgment no more idiotic, moronic, unpatriotic remark ever has been made. . . . To compare the situation in the U. S. with the situation in Poland. . . . is an attempt to alarm our people. . . . which to my mind is beneath contempt."

Next came Nebraska's Repealist Edward R. Burke in a speech denouncing Hitlerism, predicting a revolution for Germany and urging the U. S. to cast its lot with the allies by providing every assistance "short of supplying men and money."

News Quiz Answers

RUSSIA IN THE BALTIC
Why fight to win a war?

prepared to fight demands for Soviet bases on Hogland island and the Aalands.

(There were signs of joint U. S.-Scandinavian action to bloc Russian conquest of Finland. In Moscow, U. S. Ambassador Laurence A. Steinhardt was reported to have expressed his government's "earnest hope" that nothing may occur to affect injuriously peaceful relations between Russia and Finland.)

Germany's retreat from the Baltic was not Herr Hitler's only setback. While Russia offered him assistance with one hand, her ships sailed from the White sea bearing timber for England in exchange for rubber and tin, thus consummating a new trade agreement with Hitler's most bitter enemy.

If the British gloated over this apparent victory, they soon changed their minds. Red army units in the Caucasus mountains facing Persia and Turkey were reinforced. The Soviet looked hungrily at Afghanistan, British-dominated, and the gateway to British India. Capitulating to this southerly threat, Turkey rushed to initial a pact with Russia, planning to sign agreements with France and Britain the next day. Net effect would be to neutralize the eastern Mediterranean and the Black sea, freeing Russia to do as she pleases in the Baltic.

Observers agreed that if Germany wants to destroy western democracies, Herr Hitler's pact with Russia has been a good start. But like the wily cat who strikes while the mice fight among themselves, shrewd Dictator Josef Stalin may destroy a lot of other things unless Europe's war is stopped immediately.

AGRICULTURE: Report Card

If U. S. corn supplies reach 110 per cent of normal, AAA legislation requires a referendum among producers on establishing marketing quotas. For the past month corn estimates have bobbed up and down, mostly down on the strength of drought reports. But by early October enough returns were in to place the estimate at 2,532,000,000 bushels. Last year's record carryover was 640,000,000 bushels. Total: 3,078,000,000 bushels, which is about 48,000,000 above the marketing quota level. Still there would be no referendum, for on September 13 (the specified date for determination) indicated supplies were conveniently below the level. But there was every sign the department of agriculture will ask big corn acreage reductions next year, probably from this season's 94,000,000 acres to about 90,000,000, provided warring Europe doesn't buy too many hogs. Other crop news:

1. Cotton: In the Carolinas it was good, helped by heavy August rains and a dry September. Louisiana also had a good crop, but in Texas and Oklahoma dry heat had stopped development, caused premature opening and attracted the weevil scourge. Result: The department of agriculture cut its September 1 crop estimate by 452,000 bales. New estimate: 11,028,000 bales.

2. Wheat: Spring wheat estimate was increased 4,000,000 bushels over September 1 forecast. New esti-

How THE DAVIDSONS LICKED THE 4 BIG JOBS - WITH GAS!

"Things weren't always so pleasant for us, no-siree. For between our furnace and cooking cares, and our hot water and refrigeration problems, we had 4 big jobs staring us in the face every day . . . all day. But that's all past,

now. The way Gas has licked those 4 big jobs is nothing short of a miracle.

Millions of smart folks are getting wise—they let gas do the 4 big jobs . . . automatically and inexpensively."

1 GAS FOR WATER HEATING

"No more waiting, watching or disappointments now that we've got an automatic gas water heater. Just a turn of a faucet gives us plenty of piping hot water—instantly. Always ready, day or night, for a hundred and one household uses."

2 GAS FOR HOUSE HEATING

"We've said goodbye to furnace cares . . . thanks to clean, carefree Gas Heat. No more shoveling or worry—no ashes to haul—no soot or dirt. We fire the furnace from the easy chair by merely adjusting a thermostat on the wall."

3 GAS FOR REFRIGERATION

"There's never a peep from our handsome, silent Gas refrigerator. And no wonder, for it hasn't any moving parts to wear or make a noise. That means longer life and extra savings, too!"

4 GAS FOR COOKING

"We took one look at a modern C/P Gas Range and it almost won us on its looks alone. But when we discovered how it saved time, fuel and food, how it cooked foods better, faster, easier . . . then we knew that was the range we wanted."

Antioch Eastern Star Has "Worthy Matrons' Night"

Decorated in brown, gold and red, the dining room of the Masonic temple presented a pretty fall scene for the supper served following the Antioch Eastern Star chapter's Worthy Matrons' and Patrons' Night observance, Monday evening.

Covers were laid for 114, including visitors from Highland Park, Grayslake, Waukegan, North Chicago, Millburn, Kenosha, Deerfield, Libertyville and Wauconda.

Worthy matrons and patrons of guest chapters who were the acting officers for the evening included: Worthy matron, Elvina Culver, Campbell chapter, Highland Park; worthy patron, Dr. Collins' Sorosis chapter, Grayslake; associate matron, Lottie Barnstable, Millburn; associate patron, Gerald Culver, Highland Park; secretary, Garfield Leaf, Waukegan; treasurer, Ralph Tewes, Easter Chapter, North Chicago.

Conductress, Martha Hunter, Antioch; associate conductress, Elsie Scully, Deerfield; chaplain, Becka Reed, Grayslake; marshal, Philip Scully, Deerfield; Adah, Charlotte Downing, Kenosha; Ruth, Lora Sumerski, Libertyville; Esther, Myrtle Esping, Mayflower chapter, Wauconda; Martha, Grace Dromi, Antioch; Electa, Eleanor Roman, North Chicago.

Warder, Dr. Matthews, Libertyville; guest of honor, Elsie Ferry, Waukegan; sentinel, Al Maier, Millburn; guest soloist, Elsie Hays, soloist of Antioch chapter; organist, Deborah Van Patten, organist of Antioch chapter; flag-bearer, O. E. Hachmeister, Antioch.

Mrs. Lillian Gaa, worthy matron of the Antioch chapter, acted as chairman of the decorations committee. Mrs. Eva Kaye headed the committee in charge of refreshments.

GRASS LAKE P. T. A. TO HOLD CARD PARTY FRIDAY NIGHT.
The Grass Lake Parent-Teacher association will hold a card party at the school tomorrow (Friday) night. There will be prizes and refreshments. Admission is 25 cents.

AID WILL MEET AT WILLIAMS RESIDENCE.
The home of Mrs. W. R. Williams, 712 North Main street, will be the scene of a meeting to be held by the Methodist Ladies' Aid society Wednesday afternoon, Nov. 1.

Born
Mr. and Mrs. Arthur Rosing, Round Lake are the parents of a son born at St. Therese hospital, Oct. 20.

A daughter was born to Mr. and Mrs. Carl Buhndorf, Long Lake, at St. Therese hospital, Oct. 18.

Mr. and Mrs. Clyde W. Brown, Libertyville, became the parents of a son at St. Therese hospital, Oct. 18.

The religious services were held in the church commencing at 3 o'clock. They were followed with a supper in the parish hall. Dancing was enjoyed during the evening, with music by Joseph Fincutter and his "Sharpshooters" orchestra.

The Rev. Harold Kenny of Chicago, assistant to Bishop Sheil, was in charge of the retreat. In his conferences he had a word of praise for the young men and women who, he said, "have retained the proper attitude toward life in spite of the handicap of having been war babies, brought into life in the midst of post-war turmoil."

A question box was conducted by the retreat-master during supper and modern problems of youth were discussed. The church has always fostered temperance and moderation in legitimate amusements, instead of condemning them outright, contrary to good common sense and the doctrine of Christ, it was declared.

Among the prominent clergy present were Commander McFadden, chaplain at the Great Lakes Naval Training Station, the Rev. John Ward of St. James, Highland, the Rev. J. Coleman of Fox Lake, Father Charles Langan, Waukegan, the Revs. J. Heiferman and T. Neckerman of St. Mary's, Lake Forest. Father Kennedy, spiritual director of the County federation, was unable to be present because of illness.

Father Flaherty gave solemn Benediction of the Blessed Sacrament, as-

"Prohibition After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scholastic, on Sunday, October 22.

The Golden Text was, "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (James 1:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Preserve me, O God: for in thee do I put my trust. The Lord is the portion of mine inheritance and of my cup: thou unmovest mine lot. I have set the Lord always before me: because he is at my right hand, I shall not be moved" (Psalms 16:1, 5, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If it is true that man lives, this fact can never change in Science to the opposite belief that man dies. Life is the law of Soul, even the law of the spirit of Truth, and Soul is never without its representative. Man's individual being can no more die nor disappear in unconsciousness than can Soul; for both are immortal" (p. 427).

Fire Destroys Summer Home at Third Lake

A summer cottage owned by Mrs. Mary Hull, Chicago, at Third Lake near the channel to Druce lake, was destroyed by fire Monday night, with a loss estimated at \$2,500. Furnishings of the cottage were also lost. The fire was believed to have started from stray shotgun shells of duck hunters, although the cause was not definitely established. A truck was seen coming from a driveway leading to the cottage a short time before the fire was discovered. Hunters and permanent residents of nearby cottages formed a bucket brigade to keep the blaze from spreading to the other homes.

Personals

Mrs. S. Boyer Nelson was expected to return this evening from Murphyboro, Ill., where she was called Sunday evening by word of injuries suffered by her father, Lincoln Schwartz, in a fall at his home last Tuesday. Accompanying her on the trip were Mr. Nelson and their son, Harold Nelson, Chicago, and her brother, Ray Schwartz of Kenosha. Mr. Nelson, Harold and Mr. Schwartz returned Tuesday evening.

Mr. and Mrs. Martin Erkman of Carmi, Ill., who were guests of their son-in-law and daughter, Mr. and Mrs. H. B. Gaston, here last week, are visiting for a few days with another daughter, Mrs. George Behler, at Woodstock. They are also spending some time with their granddaughter, Mrs. H. E. Shepard, and family, of Woodstock.

Lester Perry, Sterling, Ill., spent the week-end with his parents, Mr. and Mrs. H. H. Perry.

Miss Elizabeth Webb returned Tuesday night from Rochester, Minn., where she had been receiving treatments at the Mayo clinic for ten days.

A Halloween party will be held by the first graders at Antioch Grade school next Tuesday afternoon.

The teachers and principal of Antioch Grade school will hold their annual "visiting day" Monday, when they will go to Elmhurst, Ill., to inspect classroom procedure and methods. No classes will be held at the Grade school here on Monday.

About 30 were present at a card party sponsored by the Antioch Parent-Teacher association Monday evening at the schoolhouse.

Seven tables were in play at a card party sponsored by the Guild society of St. Ignatius' church Wednesday afternoon at the home of Mrs. M. M. Stillson, Spafford street.

Mr. and Mrs. Robert Hughes of Davenport, Ia., spent the week-end with Mr. Hughes' parents, Mr. and Mrs. Carl D. Hughes.

Seventh and eighth grade pupils of Antioch Grade school were taken on a tour of the Chicago Planetarium and the Chicago Tribune Publishing company's plant yesterday. They were accompanied by their teachers.

Mrs. J. E. Charles was called to Winnipeg, Canada, Saturday by word of the death of her mother Friday.

Mr. and Mrs. H. C. Drumm, who have spent the summer at their Channahon Lake home, left Wednesday for Chicago, to spend the winter months at their residence at 7000 Lowe ave.

Mrs. H. A. Radtke and daughter, Mrs. R. P. Cavanaugh of Kenosha, visited friends and relatives during their past week in Niles, Mich., South Bend and Mishawaka. Returning with them was their friend, Mrs. Myron Bidwell, who will remain here for a few days' visit.

Double Duty for One Trip on Ferry-Mill

In 1839, alert Illinois owners of a steam-powered ferry boat observed that the engine generated more power than was being consumed to propel their craft across the Illinois River, say research workers of the Illinois Writers' Project, W.P.A., who have compiled a guide book to the State.

By connecting a pair of millstones to the engine, the industrious operators were able to grind 200 bushels of fine meal each day during the course of the ferryboat's trips.

Discipline by Co-eds Was Deemed Sufficient

The "disciplinary problem" resulting from opening co-educational colleges caused considerable alarm in Illinois 50 years ago, according to research of the Illinois Writers' Project, W.P.A. Some of the alarmists may have been heartened by the simple expedient used by one of the early co-educational schools. A spokesman for this institution declared no regulations were necessary because "the young women don't require any, and they discipline the young men by their very presence."

Driving near Pistakee lake Sunday, Herman Holbek of the rescue squad was called to assist Fox Lake firemen in an attempt to revive Casimir Kessy, 44, of Fox Lake, who had suffered a heart attack and toppled from his boat into the water. The accident took place near the Hughes boathouse, at 4 p. m.

Kessy was in the water about five or ten minutes before his companion and bystanders managed to pull him to shore. Holbek, holder of a Red

Cross advanced certificate, aided in attempts to revive him for about half an hour, when he was pronounced dead by a physician summoned to the scene.

News from Interior

One of the extraordinary geological features found in Illinois can be seen at Horseshoe, situated on the northern outlet of the Eagle Creek Basin, Saline County, according to research workers of the Illinois Writers' Project, W.P.A.

This phenomenon consists of great layers of hard rock standing nearly on edge at various points in a huge basin, from which road materials are being removed. It is believed, by geologists, that the same forces which heaped up some parts of the ridge, bordering Eagle Basin, have here raised and turned on edge these layers from a depth of more than 2000 feet.

Antioch Farmer Grows Big 1939 Corn Yield

Frank Farm, Antioch, Ill., farmer, has just reported one of the best corn yields in this vicinity for entry into the 1939 National DeKalb Corn Growing contest.

Farm's official contest yield of 96.59 bushels of corn per acre, is expected to place him high in the local division of the national contest. This yield will produce as much corn from 5 acres as the average farmer in the United States harvests from 9 or more, and is one of the best corn yields reported from this part of the state in the contest to date.

Farm grew the crop with hybrid seed corn, DeKalb 202 on his Lake county farm. The fine crop may win for him one of the master corn growers' trophies awarded to producers of the five top county contest yields.

authorization of Governor Horner and painting a considerably different picture of the state of Illinois' public institutions.

Attention has been called by press commentators to the unusually large funds received in the state treasury in recent years through such resources as the sales tax. The findings of medical investigators and press inquirers have raised the question of whether these funds, including that part of them devoted to the maintenance of public institutions for the care of the mentally handicapped, have been as efficiently administered as could be desired, and whether capable, well-qualified directors have been appointed to head such institutions.

"Appointees Incompetent," Charge The Chicago Tribune says, editorially:

"Now that the scandal has broken Gov. Horner is seeking to run with the hounds when he should be fleeing with the hares. He makes a needless demand upon the state's attorney of Kane County for grand jury action, 'if warranted.' He is going to start an investigation of his own," he says. The governor is the last person in the state who should have anything to do with an investigation, because he is one of those who should be investigated.

"The incompetent political appointees in state institutions are chiseling in state institutions who have been shaking down his appointees for his campaign fund. With that kind of personnel, and that kind of governor, scandals such as the one at Manteno are inevitable."

Issue Damlos Estate Administration Letters

Letters of administration were issued Monday on \$2,000 bond to Fred C. Damlos in the estate of his brother, Peter J. Damlos, whose body was recovered from Lake Marie on Oct. 14. Peter Damlos had disappeared from his home on Route 173, Channel Lake, some time either late in the evening of Oct. 10, or early the next morning. He had reported to Lake and Cook county police that he was held up by four men and robbed of \$775 on Oct. 10, as he was on his way to Chicago to pay a bill at a brewery for which he was a distributor.

Rural Youth Will Meet November 2

The Lake County Rural Youth association will meet Thursday evening, Nov. 2, at the Farm Bureau building in Grayslake to resume their activities for the coming season. A display of handcraft articles including equipment games, leathercraft, beadwork, metal tapping, and so forth will be on display. The making of these articles may be included in the program for the next few months.

Any young person in the county who is interested in a social and educational group is welcome to attend.

AMUSEMENTS

Play, "Tobacco Road," Coming to Kenosha Nov. 9

Six and a half years ago Jack Kirkland took the script of a play about the share-croppers of Georgia, called "Tobacco Road," to a literary friend to read. The friend sent for him the next day.

"You've written an honest play," he said. "If you have faith in it why don't you produce it yourself?"

Unlike many playwrights Kirkland followed advice. "Tobacco Road," based on the novel of the same title by Erskine Caldwell, was produced in New York on December 4, and on November 18 will outdistance the long run record of 2532 Broadway performances held by "Abie's Irish Rose." Outside New York it has been presented in 240 cities in 40 states, with return engagements in 101 of the cities. "Tobacco Road," with John Barton as Jeeter Lester, will come to the Kenosha theatre, Kenosha, for two performances, matinee and night, on Thursday, Nov. 9.

Dealing with a group of illiterate and half-starved share-croppers living in the back country of Georgia, "Tobacco Road" has been indorsed as an important drama of social import by such noted ministers as the Rev. John Haynes Holmes in New York, the Rev. Preston Bradley and Rabbi Louis C. Mann in Chicago, Dean Raimundo de Ovies in Atlanta and the Rev. Walton Coe of Toledo. As an

John Barton

honest and authentic account of existing conditions it has been praised by such literary celebrities as Alexander Woolcott who termed it a "superb play" as well as by George Jean Nathan, Theodore Dreiser, Stark Young, Margaret Ayer Barnes, Marc Connelly and Carl Van Doren.

This is the only company presenting "Tobacco Road" on tour and this is the third season the noted dramatic star, John Barton, has played Jeeter Lester, the shrewd and philosophic old share-cropper who is the central figure of the absorbing play. Among his associate artists will be Sara Perry, last seen on Broadway in "Stage Door" as Ada, the wife; Mary Perry as Sister Bessie, the evangelist; and Pitt Herbert, Sheila Brent, Edgar

Hinton, Eugenia Wilson, Dick Lee, Lillian Ardell, Chester Root and Walter Ayers.

Jackie Coogan, Himself, to Be on Kenosha Stage

Those who saw "The Kid" on the screen years ago may have the opportunity of seeing Jackie Coogan in person on the stage when "What a Life" first of several stage plays scheduled for the Kenosha Theatre during the fall and winter by manager E. R. Brennan, is presented on Thursday, November 2.

Coogan plays the part of Henry Aldrich, tempestuous high school student, with Josephine Dunn, Frank McGlynn (famous for his "Abraham Lincoln" role) and Cyrella Dorne in parts that give ample scope for their talents.

Eva LeGallienne in Ibsen's "Hedda Gabler" (Mar. 14); Clifford Odel's "Golden Boy" starring Eric Linden (Feb. 6); "On Borrowed Time" with Taylor Holmes as "Gramps" (Dec. 8); and "Tobacco Road" (Nov. 9), are other plays for which Manager Brennan has contracted. Each will be at the theatre for one day only.

John Mason Brown, drama critic of the New York Post, said of the production, "What a Life," in his review of its first New York performance in April 1938, "My hope is that Booth Tarkington gets around to see 'What a Life.' When I say Mr. Tarkington, I also have in mind the countless thousands who revelled in his stories of adolescence. For not only he but they would be bound to relish the charm, the gaiety, and the sympathetic laughter with which George Alibott's stage production is both written and played.

Clifford Goldsmith's farce-comedy about the troubles into which an ingratiating brat can get at high school was last season's merriest script. Called the "funniest comedy in town" by Walter Winchell, it kept New York play-goers amused for two seasons.

Goldsmith's play is another cartoon dashed off for the edification of a public which dotes on such mirth-making cartoons. It does not pretend to be a case history of what might actually happen in the disciplinary atmosphere of a principal's office into a veritable Utopia of farce.

"What a Life" disguises its comic built-up atmosphere of the scene in which it was laid.

That, of course, is where the fun comes in. For anyone in search of diversion—pure, simple, and rewarding—"What a Life" is said to come as a god-send which should take its place high up in the "must" list.

The vaudeville presentation at the Kenosha this week-end will feature a "Major Bowes" program.

Full House Greeted Return of "JB" Players

A capacity house greeted J. B. Rotnour Players at their opening play at the Crystal last Thursday evening. The presentation for this week, "Mrs. O'Flynn's Boarding House," is expected to draw an even larger crowd. The company has chosen "No Wedding Bells," a home-spun comedy-drama for the November 2nd offering. The cast has been increased to 11 persons and the verdict from all is "the best cast of players Mr. Rotnour ever presented." Local merchants are sponsoring the weekly entertainments here, and free merchant's tickets may be obtained from any of the merchants whose names appear in the Crystal ad.

The Players present good, clean, vivid, between the acts and some real talent is displayed. The entertainers include Jimmy Parsons, comic saxophonist, Art and Ducky Vernum, Mr. Lawler and others.

The doors are open at 7:30 and the play begins promptly at 8:15.

Lake County Annual Christmas Seal Sale Will Open December 1

Miss Orpha White, secretary of the Lake County Tuberculosis association announces that the thirty-third Annual Christmas Seal Sale will start in Lake county on December 1, in accordance with the original agreement made with the American Red Cross June 13, 1939.

The association is in receipt of the following statement from W. P. Shanahan, executive secretary of the Illinois Tuberculosis association:

"The unusual situation caused by the President's announcement of a change in date of Thanksgiving Day does not, in our opinion, give us any rights not contemplated in the original agreement. In the years to follow, the question will be treated on its merits. The American Red Cross has communicated with the National Tuberculosis Association, and the National Association has taken the position that, pending any change in the President's announcement, the thirty-third annual Seal Sale will open according to the Agreement on December 1, 1939, and that the Roll Call shall end on Nov. 30.

"Despite the fact," the statement concludes, "that the shortened period of time in which Christmas Seals may be sold may possibly cause a reduction in the funds available for the fight against tuberculosis, the relationship between the American Red Cross and the National Tuberculosis association, a sister organization has been so close during the last thirty-five years that neither organization will attempt in any way to take advantage of an action which could not be foreseen when the agreement was drawn."

The regular chest clinics of the association will be held on Wednesday and Friday mornings from 8:30 to 11 a. m. at St. Therese hospital with Dr. Charles K. Pettey as examining physician. New patients wishing an appointment may call at the office of the association Majestic 1805.

Miss White reports that the office is quite busy addressing envelopes for the coming mail sale of Christmas Seals, the proceeds of which sponsor their work. The present office space is not sufficient to store the necessary supplies for the sale and the supervisors have kindly loaned the association the rooms in the court house formerly occupied by the library.

These rooms will be used as the central headquarters of the Seal sale and the association is sending out an invitation for volunteer help in folding Seals, letters, stuffing envelopes, etc. It may be that members of some of the social clubs and other organizations will wish to help as a part of their community program. Anyone wishing to lend assistance may call the office, Majestic 1805.

Congress Faced With War Issues

Legislation dealing with neutrality and its allied subjects will face the present special session of congress called by proclamation of President Roosevelt. Despite the chief executive's previously expressed wish that senate and house act quickly on his request for repeal of the arms embargo and then go home, attempts are being made to broaden discussion of non-emergency legislation.

It's an Idea

"We could help eat up the nation's huge apple supply if we knew more ways to serve apples to the family."

This is about the predicament some well intentioned homemakers are in, and it is to the group that Miss Glenna Henderson, instructor in foods, College of Agriculture, University of Illinois, suggests such tempting desserts as snow-topped apple pie, apple sauce pie, apple whip, and Washington apple cream pie, which is really a cake, and apples.

One thing to remember, she said, is that apples are not all alike as far as flavor is concerned even though they may look alike to the average housewife.

Ready for use now, either cooked or eaten raw, are Golden Delicious, Grimes Golden, Jonathan, York Imperial, while coming along very soon will be the Red Delicious, Rome Beauty, Stayman Winesap and others.

Snow-Topped Apple Pie

Frozen whipped cream is the topping off point for this deep dish apple pie. The cream is whipped, sweetened, flavored, and frozen; then placed on the pie when it is served. The recipe for the pie is: 6 to 8 apples, 1 cup sugar, 1/2 teaspoon salt, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 3 tablespoons water, 2 tablespoons butter and 1/2 recipe of plain pastry.

Pare, core and cut apples in thin slices; place filling in individual baking dishes, heaping fruit slightly in center, and sprinkle with mixture of sugar, salt and spices. Pour water over filling and dot with butter. Cover each with crust and bake in hot oven (450°F.) for 10 minutes, then reduce heat to 350°F. for next 20 minutes or until apples are tender. The recipe makes six individual pies.

Washington Apple Cream Pie

Use 2/3 cup of heavy cream, 1 cup of chilled apple sauce, sugar, 2 layers of cake and nutmeg. Whip the cream,

fold into the apple sauce and sweeten to taste. Use to spread between and on top of the cake layers. Garnish with nutmeg. Chill about 1/2 hour before serving. Serves 6 to 8.

Apple Whip

Use 6 tablespoons of granulated sugar, 1/2 teaspoon of ground nutmeg, 2 egg whites, 2 1/2 cups unsweetened apple sauce, 1 teaspoon vanilla extract. Add the sugar, nutmeg and vanilla to the apple sauce. Beat the egg whites stiff and fold into the apple sauce. Chill and serve alone, with cream or with a custard sauce made from the 2 left-over egg yolks. Serves six.

Apple Sauce Pie

Use one cup of sweetened apple sauce adding salt and nutmeg for flavor and mix this with a custard of 2 eggs and 1 1/2 cups of milk. Pour into pastry-lined pie plate. Bake in a hot oven of 425° for 10 minutes and then reduce heat to 350° degrees until the custard is set.

Applets

Good for fall parties and teas are apple candies known as applets. The recipe calls for 2 cups of Delicious apple pulp, 2 cups of sugar, 1/4 cup of chopped walnuts and a speck of salt, 2 tablespoons of gelatin, 2 tablespoons of cold water, 1 tablespoon of lemon juice.

Wash the apples and cut them in small pieces. Cook until tender in enough water to keep them from burning. Put apples through a sieve. Soak gelatin in cold water until it is completely dissolved. Add sugar to apple pulp and cook until very thick, stirring constantly. Remove from heat, add gelatin. Stir until thoroughly dissolved. Add nuts and lemon juice. Pour in shallow pans. When cool, cut in squares and roll in powdered sugar.

Shipwrecks Missing

New Zealand has a shipwrecks society and no shipwrecks. It was disclosed by the Shipwrecks Relief society that money is accumulating in the bank for want of disaster. The society obtains its finances from the shipping companies and the harbor boards of this country, all of which make an annual contribution. Year by year the funds grow larger. Now they stand at \$80,000 and are safely invested. This has resulted in the society now receiving more than it spends. The position is regarded with satisfaction by local governments, it seems. Mayor Arthur H. Allen of Dandelin has said: "It is gratifying to know this money has been invested in gilt edged securities."

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Dean of The Moody Bible Institute
of Chicago.
(Released by Western Newspaper Union.)

Lesson for October 29

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

BEVERAGE ALCOHOL AND SOCIAL PROGRESS

LESSON TEXT—Micah 2:9-11; Luke 21:29-31; 34-35; 1 Corinthians 6:8-11.
GOLDEN TEXT—Know ye not that the unrighteous shall not inherit the kingdom of God?—1 Corinthians 6:8.

"International Temperance Sunday—October 29, 1939." Let us join with people the world over in making our protest against the sale and use of intoxicating liquors. If every Christian would declare himself on this matter now, there would be a tremendous impact made on this universal problem and notice would be served on the liquor industry, on politicians, and on unbelieving mankind that Christianity intends to do something about it. We are far too docile and quiet on such matters, when we ought to speak up for God and for our country.

The lesson portions may seem a little unrelated, but study of them yields three important truths regarding the use of wine and strong drink.

I. Lovers of Wine and Strong Drink Destroy Their Nation (Mic. 2:9-11).

That statement may surprise some of our self-styled patriots who like to wave the flag and speak swelling words of devotion to our country and who at the same time love their intoxicating drinks. Micah rightly points out that his people had come to the place where they chose man to be prophets because they encouraged the people in the use of wine and strong drinks (v. 11). They must therefore expect the result which follows, namely, the destruction of the home and of the nation (vv. 9, 10).

We are all familiar with the claim that prohibition retarded the advancement of our nation and that its repeal would bring a return to higher moral standards, reduce crime, bring in prosperity, etc. The facts reveal that none of these have come true. Crime has increased by leaps and bounds under repeal; a situation so well known as to call for no proof. Moral standards have gone rapidly downward with the free use of liquor. If you don't believe that, ask a policeman what goes on in our taverns, or just keep your eyes half open and you can see for yourself.

Just now much is being made of the many jobs which are supposed to have been created by the liquor industry. What are the facts? The Christian Herald tells us, "A million dollars spent for furniture would employ 339 persons, spent for boots and shoes 339 persons, for home furnishings 191 persons, for booze just 95 persons." And remember that jobs making the stuff that destroys other jobs, are not worth having. The man who drinks is helping to destroy his nation.

II. Christians Do Not Drink, Because They Look for Christ's Return (Luke 21:29-31, 34-36).

If we are not "looking for that blessed hope and the glorious appearing of the great God and our Saviour Jesus Christ" (Titus 2:13), we should consider whether any of the things mentioned in those verses have gained control in our lives: the cares of this life, surfeiting, or drunkenness. But why speak to Christians about that? Surely they do not use intoxicants. Sadly, enough, some do. Taking advantage of the fact that the Bible speaks of temperance rather than of abstinence, they seek to justify an indulgence in these things which they (and their neighbors) know is dishonoring to God and destructive of their testimony and usefulness in the community.

Christian, Jesus is coming again! He may come today! In fact, the fig tree (vv. 29, 30), which is the nation Israel, has long been shooting forth new branches and bearing green leaves. The indications are that Christ is coming soon. Are you ready to meet Him?

III. Drunkards and Other Sinners Need to be Saved (1 Cor. 6:9-11)

Being drunk is not a joke, even though thoughtless people laugh and cartoonists and writers of jokes use such unfortunates as their stock in trade. Drunkenness is a foul and sinful thing, classed by the apostle Paul with the lowest of human vices. Review the list as it is given in verses 9 and 10 (and by the way, notice that covetousness is mentioned there too) and place drunkenness in its proper classification. Call it what it really is—sin, and then call on the One who can save you from your sin, sanctified, and justified in the name of the Lord Jesus (v. 11). In Christ there is hope for the drunkard. A spiritual revival is the real answer to the liquor problem. Let us seek to promote it even as we at the same time give ourselves to an intelligent and constructive battle against this destructive force in the life of our nation.

Gunpowder Plot
The famous gunpowder plot of history occurred when Guy Fawkes entered into a conspiracy to blow up the king, his ministers, and the members of both houses of parliament on November 5, 1605. His plans were discovered after he had placed barrels of gunpowder in the building and prepared them for ignition. He was tried, tortured, and publicly executed in 1606. Parliament set aside November 5 as a day of thanksgiving known as Guy Fawkes day, which continues to be celebrated in some parts of England.

Michael Burke ...

(continued from page 1)
85 years ago. Two of his brothers, Peter Burke of Waukegan and Anthony Burke of Fond du Lac, Wis., still survive.

Born in 1860
He was preceded in death by a sister, Mrs. Nellie Walker; and by Tom Burke, eldest of the nine children born to Anthony and Elizabeth; J. J. Burke, who was founder of the Antioch News more than 53 years ago and edited it for many years; William Burke; Patrick Burke, twin of Anthony P. Burke, and James Burke.

Michael Burke was born Nov. 13, 1860, in a home on the south bank of Sequoit creek, a short distance west of where the Eugene Hawkins residence now stands.

At that time there was a sawmill on the creek, with several houses near it. His father was employed in the sawmill, and Michael was born in one of the houses which sheltered the men and their families.

Came in Sailing Ship
His parents had come to the United States from Ireland, although on different ships; and children and grandchildren of the family still recall Elizabeth Burke's stories of how at the age of 16 she traveled across the Atlantic to New York state in a sailing vessel—the voyage consuming 14 weeks. She met Anthony, who was three years her senior, in the east, where they were married. Later they came to Antioch to live.

Michael Burke resided in Antioch and vicinity during his life-time, following the occupations of farmer and teamster. On April 5, 1885, he was united in marriage with Cora E. Richards at the Catholic church in Wilmet.

They lived for a time on the property now known as the Peter Toft farm, a short distance south of Antioch.

Mr. Burke was preceded in death by his wife. He had retired about 20 or 25 years ago, and since that time had resided in Antioch where a daughter, Mrs. Bertha M. Burnette, made her home with him. He is also survived by a son, Benjamin R. Burke of Antioch, and another daughter, Mrs. Helen Richardson of Melrose Park, and an adopted son, Louis Burke, as well as by eight grandchildren, three great-grandchildren and numerous other relatives.

Early Game Laws Aided Informers

One of the very early Illinois game laws for the protection of wild animals and fowls was passed by the legislature in 1853, say research workers of the Illinois Writers' Project, W. P. A. Closed season in a number of counties was from January 1 to July 20 each year. The time for killing deer and fawn out of season was set at \$15; for prairie chicken, quail, and woodcock, \$5.

In 1873, a new game law made dealers and others punishable if found with game in their possession during the "inhibited season." Game from other states or in transit across Illinois was not affected by the law.

Six years later, there was further revision, made to harmonize with laws of neighboring states. Many persons were said to have escaped punishment by claiming that game in their possession out of season came from other states. The law further allowed an "informer" to receive one-half of the fine collected.

LEGAL

SPECIAL TOWN ELECTION NOTICE

NOTICE IS HEREBY GIVEN to the legal voters, residents of the Town of Antioch, in the County of Lake and State of Illinois, that a Special election will be held at Antioch on Tuesday, November 7th, 1939. The election will begin at the hour of 7 a. m. and close at 5 p. m., in the places designated as follows:

Precinct No. 1—R & H Chevrolet Garage.

Precinct No. 2—Antioch Village Hall.

Precinct No. 3—Lotus Country School.

To vote "For" or "Against" an annual tax of 30c on each \$100.00 assessed valuation of all taxable property, including Railroads, in said Town for the purpose of constructing or improving and maintaining roads located as follows:

2.6 M Sec. 2-11-14R9; -9 M Sec. 24-25 R 9; 9 M Sec. 33-34 R 9; -6 M Sec. 35 R 9; -1.7 M Sec. 24-19 R 9; 10; 2.5 M Sec. 6-7-8-1 R 9-10, said tax to be levied for a period of five years.

Given under my hand at Antioch, Illinois, this 26th day of October, A. D. 1939.

C. F. RICHARDS, Town Clerk.

MILLBURN MUTUAL INSURANCE COMPANY Assessment Notice

The directors of The Millburn Mutual Insurance Company have levied an assessment of two dollars (\$2.00) per thousand, to pay the losses from Oct. 15, 1938, to Oct. 15, 1939. Said assessment will be due and called for in thirty days.

J. S. DENMAN, Secretary. (11-12)

Postal Volume Here is Heavy

Single Item Is 800 Souvenir Cards a Day! Savings Large

Souvenir cards mailed out of the Antioch post office during the summer months averaged more than 800 a day, according to Postmaster James Horan.

On some days, nearly a thousand cards go out, Postmaster Horan revealed in a summary of the volume of business that flows through the local post office during the course of a year.

Postal receipts for 1938 totaled \$12,000, he said, and postal savings deposits approximated \$50,000. During nine months of this year, the post office sold more than \$3,000 worth per month of U. S. savings bonds.

These figures give some idea of why Antioch residents would like to have a new federal post office to replace the rented quarters which now house its postal facilities, and why there has been some disappointment that federal allocations to date have not made it possible.

Antioch, Highland Park, North Chicago and Zion are Lake county towns now on the eligibility list for federal post offices. However, the last authorization made by congress for post office buildings, amounting to \$130,000,000, has been found insufficient for constructing a large proportion of the post offices on the eligibility list. Additional expenditures are expected to be authorized by congress at its next session.

3 Clerks, 2 Carriers

The Antioch post office employs three clerks and two rural carriers in addition to the postmaster. During the summer time the rural carriers cover an average of 50 miles a day each. In the winter their mileage is slightly lower.

Mail dispatches going south leave at 5:56 a. m. (except Sunday and Monday) and 8:29 p. m. daily. North bound mail leaves at 7:23 p. m. daily, except Sunday. The office opens at 5:15 a. m. and closes at 6 p. m.

Big Live Stock Show Planned for Chicago

CHICAGO, Oct. 23 — Predictions that all previous records for number of entries will be broken are made by the management of the International Live Stock Exposition for this year's show, which will be held at the Chicago Stock Yards December 2 to 9. According to B. H. Heide, secretary-manager of the exposition, the early entry is the heaviest it has ever been and more than the usual number of stockmen have made inquiries relative to listing exhibits.

\$100,000 in Prizes
More than \$100,000 will be awarded to stockmen in cash prizes. The premiums will be spread over competition for 30 different breeds of cattle, horses, sheep and swine, which will total well over 12,000 head.

An unusually large showing of Canadian live stock is expected this year, officials of the show state, owing to the cancellation of the Fall Fairs in Canada this year. In recent years, all provinces of the Dominion have been strongly represented in both the livestock and crops divisions of the exposition.

Entries for the purebred and individual fat stock classes of the exposition will be accepted until Nov. 1, he says; and for the International Grain and Hay Show, the largest annual showing of corn, small grain, seeds and hay in the country, exhibits may be entered until Nov. 20.

Among the first entries to be received for this year's crops show are samples of wheat from Argentina and Australia, the latter consisting of first prize winning wheat from the Sidney agricultural show last Spring. It will be the first time that South America will be represented.

The Exposition will be staged in the huge International Amphitheatre, situated at the east entrance to the Chicago Stock Yards. It includes a central coliseum with seats for 7,500 and adjoining display areas encompassing six acres.

Gurnee High's Yearbook Is Awarded Gold Medal

A gold medal has been awarded to the "Angelus," student yearbook of Warren Township High school at Gurnee, by the Columbia Scholastic Press association. Announcement of the award was made last Thursday at Columbia university in New York. The Gurnee school won in the division for schools of 300 pupils or less. Schools in 32 states and Hawaii took part. Emphasis in the judging was placed on editorial content, although the general excellence of the central "theme" layout, photography, printing and engraving was also taken into account.

Will Restore Acadia
The first settlement founded in old Acadia, Nova Scotia, a village which grew in connection with the establishment of Port Royal by Champlain, the French explorer and soldier, is to be restored. An archeological survey of the site is being made.

"Visit Your Navy" Is Training Station Slogan

Despite rumors to the contrary, the Naval Training station at Great Lakes, Illinois, will be open to visitors on Navy Day, Friday, Oct. 27. A number of Antioch residents are planning to visit the station at that time.

Under Rear Admiral W. C. Watts, commandant, the officers and men comprising the station personnel have completed arrangements to present an interesting program of events and exhibits depicting the various phases of naval recruit training.

Commencing at 10 a. m. and continuing throughout the day, the following program will be presented:

10 A. M. to 5 P. M.—Exhibit of ordnance equipment: torpedoes, field pieces, machine guns; lectures on shells, rifles and pistols. Bldg. 4.

10 A. M. to 11:30 A. M.—Small arms pointing and firing. Bldg. 4.

1:00 P. M. to 2:00 P. M.—Recruit drills. Bldg. 4.

10 A. M. to 5 P. M.—Seamanship: knotting; splicing; boats and rigs; diving gear; flag signals. Boat house.

Older Young People to Meet in Wauconda Nov. 6

The Older Young People's group of Lake county, recently formed for religious, cultural, and recreational purposes, will hold its next meeting at the Wauconda Federated church, in Wauconda, Monday, Nov. 6, at 8 p. m.

The program will be as follows:
Games led by Ed Carlson of Libertyville; piano solo by Miss Marion Martin of Winthrop Harbor; Discussion—"It isn't yours, put it back!" led by Miss Marion Lutter of Waukegan; Devotions led by Marion Lutter.

Refreshments will be served.
All young people between the ages 20-35 may attend, the group states.

Long Way to Tipperary

William Bolster, who has more miles to his credit than any other postal worker in the Irish Free State, has retired on a pension. As he made his rounds in Roscrea, he often sang the famous war song, "It's a Long, Long Way to Tipperary," where he has walked a long way without leaving home.

In his 52 years of service he has traveled a distance equal to 12 times around the globe, and has delivered about 12,000,000 letters.

Sound Your 'A'

The Queen Mary carries two sets of trumpet-shaped sirens. When a full blast of steam is turned into these powerful sirens, their deep, soft, far-carrying tone can be heard ten miles away. The tone is two octaves below middle A, the deepest bass voice ever to rumble over the seas. After a committee of acoustic experts had carried out numerous tests, the note of A was found to be ideal for nerve comfort.

Softening Water

For workers in occupations necessitating frequent handwashing, the water used should be softened in order to prevent chapping and roughness. The following mixture is recommended for this purpose: glycerine, 10 parts; borax, 3 parts; sodium carbonate, 2 parts; orange flower water, triple, 85 parts. A teaspoonful of this mixture in a basin of water usually is sufficient. —American Machinist.

Japan's New Premier

Nobuyuki Abe, Japan's new premier, succeeded Kichiro Hirano to that post when the Japanese cabinet resigned in a body following announcement of the German-Russian pact. Abe was briefly acting war minister in 1938, and retired in 1936. "Japan," Abe said upon taking office, "will have a troubled future."

Nantucket Island

A striking feature of the homes of old Nantucket Island, a high spot on many of the 52 Pilgrim Tours of New England offered by the New Haven Railroad, is the "Widow's Walk" which surrounds the chimney, and often the whole roof, of these old houses. Here the wives of the sailors and captains of the whaling ships which put out of Nantucket in the days of her greatness used to walk, high above the breakers, to watch for the sails of their husbands' ships returning.

Skilling by Subsidy

No one has to beg or borrow skis in Norway because the National Ski association donates every year 5,000 pairs of skis to families unable to buy them.

Ocean Water Varies

Successive high ocean waters come at intervals of 12½ hours or half the moon's period of revolution.
